**ADRIAN TCHAIKOVSKY** was born in Lincolnshire before heading off to Reading to study psychology and zoology. He subsequently ended up in law and has worked as a legal executive in both Reading and Leeds, where he now lives. Married, he is a keen live role-player and occasional amateur actor and has trained in stage-fighting. He's the author of *Children of Time*, the winner of the 30th Anniversary Arthur C. Clarke Award, and the *Sunday Times* bestseller *Shards of Earth*.

FROM THE BSFA AWARD-WINNING AUTHOR OF *CITY OF LAST CHANCES*

'Tchaikovsky is at peak fecundity – every page oozes with invention, and we are never far from the next spectacle. An ensemble disaster of war and pain and the broken, in between the grime and blood there is boundless humour and a wonderful depth of character and connection. A triumph.'

IAN GREEN

'Dense, dark, ingenious, ironic, complex, often funny, and always smart.'

LOCUS

City-by-city, kingdom-by-kingdom, the Fallesen have sworn to bring Perfection and Correctness to an imperfect world.

As their legions scour the world of superstition with the bright flame of reason, so they deliver a mountain of ragged, holed and scorched flesh to the field hospital tents just behind the front line.

Which is where Yasmic, one-time priest, healer and rebel, finds himself. Reprieved from the gallows and sent to war clutching a box of orphan Gods, he has been sequestered to a particularly unorthodox medical unit.

Led by 'the Butcher', an ogre of a man who's a dab hand with a bone-saw and an alchemical tincture, the unit's motley crew of conscripts, healers and oracles are no strangers to the horrors of war. There's an unspoken trade: elbow-deep in gore, they have a first-hand view of the suffering caused by flesh-rendering monsters, arcane magical weaponry and embittered enemy soldiers. Entrusted – for now – with saving lives deemed otherwise unsavable, the field hospital's crew face a precarious existence. Their work with unapproved magic, necromancy, demonology and Yasmic's thoroughly illicit Gods could lead to the unit being disbanded, arrested or worse.

Reset by enemies within and without, the last thing anyone needs is a miracle...
