# VAROOM!

## THE ILLUSTRATION REPORT

"Anyone who tries to make a distinction between education and entertainment," said entertainer and educator Marshall McLuhan, "doesn't know the first thing about either." In this issue, strike your chin with Sigmund Freud's Wolf Man Case Study as a graphic novel, simile at the Oscar-winning animation and peek through your fingers an illustrators tightrope-walk across the deadline of doom. Norm Mac as creating the acclaimed BMTA search images.
